

The Bishop's Leadership Workshop Series

April

Due to COVID-19, the Risk Committee will not be hosting its traditional in person Bishop's Leadership Workshop in 2021. However, we are pleased to provide monthly resources and support to congregations meant to inform, train, and encourage vestries and church leadership throughout 2021.

APRIL ACTION ITEMS FOR YOUR NEXT VESTRY MEETING

Watch the Certificates of Insurance Video

Every Vestry should ensure that any outside contractor or vendor performing work on church property is properly insured. Vestries should request and keep track of each vendor's Certificate of Insurance (COI). This video explains how to manage the entire process; from requesting a COI, to what to look for and how to best to document. In addition, we have provided Supporting Resources including a Sample Letter to the Contractor, and a Tracking Worksheet.
